Investment Instruction

- **Shadforth Portfolio Service - Super**
- **Shadforth Portfolio Service - Pension**
- **Shadforth Portfolio Service - Investment**

Please complete these instructions in BLACK INK using CAPITAL LETTERS and ✓ boxes where provided.

Use this form to:

- switch between existing investment options or re-weight your investment portfolio;
- change your Standing Instructions; or
- set an Automatic re-weight instruction to your portfolio.

Please note that when changing investment options you will not necessarily have the most recent product disclosure statement for that investment option and accordingly may not have information about material changes and significant events affecting that investment option. You can obtain a product disclosure statement from portfolio.sfg.com.au or your licensed financial adviser.

To ensure the investment option selections are listed correctly please add the APIR code along with the name of the investment option. Please refer to the Shadforth Portfolio Service investment menu list for available APIR codes.

Fixed Term Annuities cannot be purchased using this form and can be purchased online or by contacting ClientFirst.

Step 2: Pending transactions

To provide you with an efficient service we will not wait for pending transactions to complete before we process your instructions.

If you have a pending transaction (a redemption or purchase) currently in progress at the time we receive new instructions (Step 3: Investment redemptions, Step 4: Investment purchases or Step 6: Re-weight portfolio) it may result in a variance to your instruction and your request may not be fully completed. This may result in a balance remaining in an investment where you intended to redeem 100%.

By ticking the box below you can instruct us to wait for all pending transactions on investment options included in your new instructions to complete before we process your instructions.

I acknowledge my request will not be actioned until all pending transactions on investment options included in my new instructions are completed.

Step 3: Investment redemptions

Managed investment options

Please specify either a percentage, unit or dollar allocation. Unless otherwise stipulated, we will process the switch as a dollar value. If you wish to sell a specific asset and use the proceeds to purchase another asset, indicate this by placing corresponding numbers in the boxes provided. When not specified, we will sell all assets detailed in Step 3 and use the proceeds as per the instructions in Step 4.

Please note: Your Deposit Instruction and Cash Account preferences will not be automatically updated to reflect the purchase or redemption of a managed investment option from your account. If you want to change your Deposit Instruction and/or Cash Account preferences, please ensure you complete Steps 5 and 7 respectively.

Step 7: Cash Account preferences

You must maintain a minimum percentage allocation to the Cash Account.

Please specify one of the following options:

Cash Account minimum of 1% (default option)

OR

Cash Account cap (optional)

You may also nominate an optional dollar based cap on the amount held in your Cash Account in addition to your nominated Cash account limit above, subject to a \$5,000 minimum.

To set a Cash Account cap, please specify the amount here \$

Cash Account top-up

If the balance in your Cash Account is zero or below, the Trustee/Service Operator will top up the balance to the lower of:

We will top up your Cash Account balance by redeeming the necessary amount from your managed investments (without prior notice to you) in accordance with the method you have selected below:

Pro-rata (default option) – Redeem funds across all managed investments according to the proportion of the portfolio that they represent.

OR

Redemption instruction – percentage – Redeem funds from specified managed investments according to the percentage allocation nominated below.

OR

Pecking Order – Redeem funds from my managed investment(s) according to a prioritised list specified below.

If you don't indicate a top-up method, the default option of pro-rata will be applied.

However, where all managed investments have been sold down, Cash Account top-up may draw down from the Managed Portfolio Service Cash. The Managed Portfolio Service is only available to financial advisers from approved dealer groups.

Step 8: Income preferences

I direct the Trustee/Service Operator to manage income distributions that I receive from managed investments as follows:
