Purpose and content

This Financial Services Guide (FSG) provides important information to help you decide if you want to use our financial services. It includes details of:

- the financial services and products we offer
- our fees
- adviser(s) who may be appointed to assist you with financial services
- how we and our associates are paid, and any interests, associations or relationships that could affect our advice
- our internal and external dispute resolution procedures and how to access them
- our privacy policy.

What other documents might I receive from Shadforth?

If you decide to obtain personal advice from us we will provide our initial advice and any significant subsequent advice to you in a written report called a Statement of Advice (SoA). Your SoA will set out our advice, the basis on which it is given, our fees and/or commissions, as well as information about any associations or relationships that could affect it.

It is important to note that we can only provide personal financial advice after making enquiries, and after giving consideration to your current financial situation and future requirements.

If you receive additional ongoing financial advice from us and a SoA is not provided to you, we will record details of that advice in a Record of Advice document. You can request a copy of any relevant Record of Advice documents within seven years of receiving the advice from us.

You should also note that if we recommend a particular financial product to you, we will generally provide a Product Disclosure Statement containing information about the particular product in order to help you make an informed decision.

How will you prepare and provide me with suitable advice?

We examine your financial position and create a structured plan designed to achieve your financial goals in life over defined timeframes. We do this by helping you to identify and prioritise your goals, developing realistic strategies and helping you to assess the merits of each alternative, making any changes you require to the strategies. A regular review will ensure that your strategy remains consistent with your goals and objectives as they change over time.

Are there any limitations to your advice?

We only advise and deal in products and services that are listed on our Approved Products and Services List. This list, which is regularly reviewed and updated, is the result of research of a wide range of financial products, and administration arrangements, of leading financial product issuers. From this process we select the best and most appropriate for the majority of our clients. For more information on our Approved Products and Services, please contact your adviser.

As there may be other products and services that could also be suitable, you should observe any warnings and consider any significant risks contained in our advice prior to implementing any of our recommendations – as any investment decision carries with it a degree of risk – either the risk of capital loss or the risk of the expected benefits not being obtained.

From 1 July 2014, new regulations requires your adviser to declare whether they are a registered tax (financial) adviser or not, hence whether or not they are authorised to provide tax (financial) advice. We recommend that you seek independent legal and tax advice about our recommendations and confirm any entitlement to government benefits with the relevant department.

How do we protect your personal information?
