How does the Shadforth Portfolio Service – Investment work?

Who can use the Investment Service?

The Investment Service has been designed with features for clients who want to be involved with and have control over the management of their portfolio. Any individual over 18 years of age may invest through the Investment Service.

With transparent fees and access to a wide range of managed investments across all asset classes, term deposits and listed investments, the Investment Service will suit the sophisticated client who has clear financial goals and wants to take control of all investment decisions.

If you are looking for a one-stop administrative solution to manage your investment needs, the Investment Service may be for you. Talk to your financial adviser about how our Investment Service can be tailored to suit your individual financial objectives.

Making a start

You can start your investment account with an amount (an initial investment) of either:

- \$10,000
- \$2,500 (if you have selected the Regular Savings Plan)

Investments made into your account are credited first to your Cash Account. Those investments (less any nominated Advice Fee – Upfront) will be invested in accordance with your Standing Instructions. Further information on your Cash Account is contained in the 'Cash Account preferences' section of the Reference Guide.

What are the risks?

All investments carry some risk. There are risks involved in investing through the Investment Service as well as specific risks that may arise with your chosen investment option(s).

Risks when investing through the Investment Service

These types of risks could include the following:

- Your investment may not be sufficiently diversified if you do not spread your selection of investment option(s) across different asset classes, sectors, managers and styles.
- In the case of an investment in investment options with extended redemption periods, your ability to make a lump sum withdrawal from those managed investments may be delayed, reduced or unavailable until sufficient assets from those managed investments can be redeemed to fund the withdrawal.
- System failures may cause a delay in the processing of transactions to your account (or with fund managers).
- There may be a delay in purchasing or redeeming your investments if we do not receive a properly completed and authorised instruction from you.
- Delays may occur where minimum investment or withdrawal limits are imposed by fund managers.
- Economic conditions, interest rates and inflation may cause adverse investment returns.
- Changes can occur in the law governing the operation of the Investment Service which may adversely affect your investment (including potentially your ability to access your investment).

These changes may also affect the operation of your product or of any investment option(s) into which you invest.

- We could be replaced as operator of the Investment Service or the Investment Service could be transferred to another provider. There is also a risk we may not carry out our duties properly. To minimise this risk we have implemented a number of risk management strategies and corporate governance policies and procedures to assist us to meet our obligations. We are required to perform our obligations honestly and with reasonable care and diligence.

How can investment risk be reduced?

An important way to help reduce your investment risk is to spread your investment over a number of assets, asset classes and even different fund managers. This process is called diversification. It is designed to help you achieve more consistent investment returns over time. The Investment Service offers you a choice of investment options across all the major asset classes. When determining your investment strategy, this choice allows you to create a level of diversification in your investment portfolio. A financial adviser can help you understand the various types of investment risk and assess which investment options are appropriate for your specific requirements considering your risk tolerance and risk/return investment objectives.

Warning: When making a choice about the investment option(s) that best suits you, you should consider the likely investment returns and risks and your investment timeframe.

Risks that may affect your investment options

These types of risks are summarised in the following table.

Type of risk	Explanation
Market risk	Investment returns are influenced by the performance of the market overall. Unexpected changes in conditions (such as economic, technological or political developments) can have a negative impact on the returns of all investments within a particular market.
Company or security-specific risk	Within each asset class, company or security-specific risk refers to the many risks that can affect the value of a specific security (such as a listed share).
Currency risk	Investments in international markets can be exposed to changes in exchange rates. If foreign currencies fall in value relative to the Australian dollar, they have an adverse impact on investment returns from investments denominated in those countries, if exposure to those currencies are unhedged.
Liquidity risk	Liquidity risk is the risk that a particular investment will not be able to be converted into cash or disposed of at market value.
Derivatives and gearing risk	Underlying managed investments may use derivatives and gearing (borrowing). The value of derivatives is linked to the value of the underlying assets and can be highly volatile. Gains and losses from derivative and geared transactions can be substantial.
Credit risk	Credit risk is the risk that a party to a contract will fail to perform its contractual obligations resulting in a financial loss.
Fund manager risk	Each managed investment option has one or more fund managers to manage the investments. There is a risk that the fund manager may not perform to our expectations, meet its stated objectives or under-perform as compared to other fund managers.
Margin lending risk	Investment losses will be magnified by the use of borrowing (ie margin loans), resulting in greater potential losses. Margin loans are also subject to borrowing costs which may reduce returns and to margin calls by margin lenders. Further information on margin lending is provided in the Reference Guide .

Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better investor services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au/tools-and-resources/calculators-and-apps/managed-funds-fee-calculator) has a managed investment fee calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the Investment Service as a whole.

The fees quoted in this section are inclusive of GST and any applicable reduced input tax credits (RITCs), unless otherwise stated.

Taxes are set out in the **Reference Guide**. You should read all the information about fees and costs because it is important to understand their impact on your investment.

The total fees and charges you will pay include the costs of the Investment Service as well as the cost of any investment option(s) you choose. It is important that you understand the fees of any investment option(s) you choose and that those fees are in addition to the fees charged by us for the Investment Service together with transaction and account costs incurred on your behalf.

The fees and other costs for each underlying investment option offered by the Investment Service are set out in the **Investment Guide** and in the relevant product disclosure statement for each managed investment.

Fee table

Type of fee or cost	Amount	How and when paid
Fees when your money moves in or out of the Investment Service²		
Establishment Fee The fee to open your investment	Nil	Not applicable
Deposit Fee The fee on each amount deposited to your investment	Nil	Not applicable
Withdrawal Fee The fee on each amount you take out of your investment	Nil	Not applicable
Exit Fee The fee to close your investment	Nil	Not applicable

² Buy-sell spreads – when you move money in or out of the Service or when you make a switch, you may also incur a buy-sell spread which is included in the unit price of the managed investment you choose. See 'Transaction costs – Managed investments' in the **Reference Guide** and the product disclosure statement for the particular managed investment for details.

Service fees												
<p>Switching Fee</p> <p>The fee for changing investment options</p>	Nil	Not applicable										

³ Your account balance comprises your Cash Account together with the value of your investment options.

⁴ You are charged an indirect cost on your Cash Account holding. This indirect cost is not deducted from your Cash Account directly, but through the interest generated from its underlying investments prior to crediting the 'net' interest to your Cash Account. The indirect cost is subject to change. The estimated indirect cost ratio is 0.80% pa. We may also change the underlying investments of the Cash Account at any time.

⁵ Please refer to 'Additional explanation of fees and costs' section of the **Reference Guide** for further information on net transaction costs and performance related fees.

Example of annual fees and costs for a balanced investment option

This table gives you an example of how the fees and costs in the IOOF MultiSeries 70 option for this investment product can affect your investment over a one year period. You should use this table to compare this product with other managed investment products.

Example – IOOF MultiSeries 70		Balance of \$50,000 with a deposit of \$5,000 during the year
Deposit fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management Costs	Administration Fee $0.45\% \times \$50,000$ Account Keeping Fee \$180 Indirect costs $0.503\%^{\wedge} \times \$50,000$	AND , for every \$50,000 you have in the balanced investment option, you will be charged \$656.50 (\$225 + \$180 + \$251.50) each year.
EQUALS Cost of balanced investment option	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged \$656.50. What it costs you will depend on the investment option you choose and the fees you negotiate with us or your financial adviser.	

This is an example only and the fees and costs may vary for your actual investment. For more information, please refer to the product disclosure statement of the managed investments selected by you.

[^] The indirect costs for the Investment Service are based on the weighted average of the indirect costs of the portfolio. For the purposes of this example we assume a balance of \$500 is held in the Cash Account and \$49,500 in IOOF MultiSeries 70. The indirect cost for IOOF MultiSeries 70 is 0.50% pa and the estimated indirect cost for the Cash Account (as at 1 July 2018) is 0.80% pa.

*** Note:** Additional fees may apply. This example assumes the \$5,000 deposit occurred at the end of the first year therefore it does not include the management costs on the additional \$5,000 invested, nor does it take into account any movement (up or down) in the value total amount invested. And, if you leave the Investment Service, you may be charged a buy-sell spread which also applies whenever you make an investment purchase or redemption. The current buy-sell spread for the IOOF MultiSeries 70 for exiting is 0.10% (based on the above example this will equal \$49.50 for every \$50,000 you withdraw).

Additional financial adviser benefits

Where the law allows, we may pay alternative forms of remuneration and/or non-monetary (soft dollar) benefits to a financial adviser or their dealer group.

These alternative forms of remuneration and/or non-monetary benefits are paid from our resources and are not separate or additional charges to you.

Your financial adviser should provide you with the details of any benefits that they may receive. This information will be included in the adviser's Financial Services Guide and/or a Statement/Record of Advice.

Alteration to fees

We have the right to introduce and/or increase any fee. If we decide to introduce a new fee or increase the fees from those disclosed on pages 8–10, we will give you at least 30 days written notice before the introduction or increase takes effect.

i You should read the important information about 'Fees and costs' before making a decision. Refer to the **Reference Guide** available on our website (portfolio.sfg.com.au). The material relating to 'Fees and costs' may change between the time when you read this Offer Document and the day you acquire the product.

Reporting

We provide you with comprehensive and consolidated reporting on all of your investments in your investment account.

We provide regular communications that are made available online via Shadforth Portfolio Online for your records. Additionally, you may request reports from Shadforth ClientFirst.

What you will receive from us

It provides you with convenient and secure access to your account details 24 hours a day, seven days a week.</p> <p>The Investment Service provides continuous up to date electronic access instead of quarterly reports. The following information is available to you electronically from the date your account is established:</p> <ul style="list-style-type: none"> • all transactions on your investments held in the Investment Service • details of any deposits and withdrawals • fees or costs deducted from your account • details of your current account value, current investment holdings and historic performance results for each of your investment options <p>By completing the application to invest in the Investment Service you agree to not be provided with quarterly reports and that you will obtain information about transactions and holdings through the Investment Service electronically. You can register for access to Shadforth Portfolio Online via our website (portfolio.sfg.com.au).</p>

How to open an account

Joining is simple. Your financial adviser may be able to complete an online application form on your behalf. Alternatively, you can complete the application form and any other relevant forms in the forms booklet. You can obtain a copy of this booklet:

- from your financial adviser
- by downloading one from our website
- by calling Shadforth ClientFirst on 1800 931 792.

Cooling-off period

A cooling-off period applies, but only on your initial investment into the Investment Service. If you change your mind about your initial investment, you have five business days from our receipt of your initial investment amount to exercise your cooling-off rights by giving us written notice (either by letter or email). In this case we will not charge any of the service fees that we are permitted to charge in accordance with this Offer Document.

If your investment options include term deposits, restricted investments, or other services there may be penalties or fees charged by the fund managers or service providers for early redemption or the cooling-off period may not apply. These investment options may also have withdrawal conditions imposed by the fund managers that may delay the return of your initial investment.

The amount returned will be adjusted for any market movements in your managed investments (up or down) until the day we receive notice that you are exercising your cooling-off rights. Therefore, the amount you receive in return may be more or less than the initial amount invested.

Other information

Updated information

Information in this Offer Document is subject to change from time to time. Where the changes are not materially adverse, we will make updated information available on our website (portfolio.sfg.com.au). You can obtain a paper copy of this updated information free of charge by calling us on 1800 931 792.

Electronic communications

You will receive electronic communications from the Service Operator via Shadforth Portfolio Online.

You will be able to access and download these communications electronically at any time while you are a registered user of Shadforth Portfolio Online.

By making these communications available to you electronically, we satisfy our obligations under the *Corporations Act 2001*. However, if you ever change your mind and would like paper copies of any of these communications, we will provide them to you free of charge on request.

For further information about electronic communications, please refer to 'Electronic communications' in the **Reference Guide**.

What if you have a complaint?

Complaints about the Investment Service

If you have a complaint about your account (or wish to obtain further information about the status of an existing complaint), please contact the Manager, Customer Care on 1800 931 792 or write to:

Manager, Customer Care
IOOF Investment Management Limited

If you let us know of any concerns arising from your dealings with us, we can work towards providing suitable resolutions and better service for all clients in the future. When you get in touch with us, please provide:

- your contact details
- your account number
- a detailed description of the facts surrounding your complaint.

Where possible, concerns will be resolved immediately.

If further investigation is required, our Customer Care Team will acknowledge your complaint in writing and will consider and respond to your complaint as quickly as possible. We are required by law to respond to your complaint within 45 days.

If an issue has not been resolved to your satisfaction, you can lodge a complaint with the Australian Financial Complaints Authority, or AFCA. AFCA provides fair and independent financial services complaint resolution that is free to consumers.

Complaints about investment options available through the Investment Service

If you have a complaint relating to any of the investment options available through the Service, you may be able to raise your complaint directly with the issuer of that investment. We can advise you if a product issuer has a dispute resolution system which allows you to raise complaints directly with them. To ascertain if this applies to you, please contact us.

Complaints about your financial adviser

If you have a complaint relating to the advice you have received, as a first step you should contact your financial services provider's (licensee's) consumer complaints area to discuss your issue, tell them what your concerns are and how you would like them to be resolved. Your adviser should have provided you with a Financial Services Guide (FSG) which would describe their dispute resolution process. If you no longer have the FSG you can obtain another from your adviser's licensee.

The licensee is required by law to respond to your complaint within 45 days.

If you are not satisfied with the licensee's handling of your complaint or a decision they have made in relation to your complaint, you may contact the Australian Financial Complaints Authority (AFCA) by calling 1800 931 678 (free call) or by writing to AFCA at GPO Box 3, Melbourne VIC 3001.

This service is available free of charge to you. However, AFCA can only hear your complaint after you have first made use of the licensee's internal complaints handling arrangements (as explained above).

AFCA will work with you and the financial services provider to try and resolve your dispute. Their dispute resolution methods may involve negotiation, conciliation, or reaching a decision. It is important that all information relating to your dispute is provided to AFCA to assist in a timely resolution.
