# **Investment Instruction**

- Shadforth Portfolio Service Super
- Shadforth Portfolio Service Pension
- Shadforth Portfolio Service Investment

#### Please complete these instructions in BLACK INK using CAPITAL LETTERS and ✓ boxes where provided.

Use this form to:

- switch between existing investment options or re-weight your investment portfolio;
- change your Standing Instructions; or
- set an Automatic re-weight instruction to your portfolio.

Please note that when changing investment options you will not necessarily have the most recent product disclosure statement for that investment option and accordingly may not have information about material changes and significant events affecting that investment option. You can obtain a product disclosure statement from **portfolio.sfg.com.au** or your licensed financial adviser.

To ensure the investment option selections are listed correctly please add the APIR code along with the name of the investment option. Please refer to the Shadforth Portfolio Service investment menu list for available APIR codes.

Some investment options can only be purchased where you have a financial adviser. Please refer to the Investment Menu for further details.

If you are invested in a MDA model via a financial adviser and need to make changes to your MDA model please contact your financial adviser.

Any investment redemptions will be done in accordance with your existing tax optimisation method. To view and update your chosen method, please speak to your financial adviser or log into Shadforth Portfolio Online.

Fixed Term Annuities cannot be purchased using this form and can be purchased online or by contacting ClientFirst.

Step 8: Income Preferences	
Step 9: Client declaration ar	nd signature(s)

## **Step 2: Pending transactions**

To provide you with an efficient service we will not wait for pending transactions to complete before we process your instructions. If you have a pending transaction (a redemption or purchase) currently in progress at the time we receive new instructions (Step 3: Investment redemptions, Step 4: Investment purchases or Step 6: Re-weight portfolio) it may result in a variance to your instruction and your request may not be fully completed. This may result in a balance remaining in an investment where you intended to redeem 100%.

## **Step 4: Investment purchases**

### Managed investments and SMA Model Portfolios

Please specify either a percentage, unit or dollar allocation to be invested as a result of the Investment Redemptions in Step 3. Unless otherwise stipulated, we will process the switch as a dollar value.

**Please note:** Your Deposit Instruction and Cash Account preferences will not be automatically updated to reflect the purchase or redemption of a managed investment option from your account. If you want to change your Deposit Instruction and/or Cash Account preferences, please ensure you complete Steps 5 and 7 respectively. You can only purchase a Separately Managed Account (SMA) Model Portfolio if you have already acquired an interest in that SMA Model Portfolio via your financial adviser.

#### Important note:

- Maturing investments (and investments that be sold) cannot be traded as part of you re-weight; however they need to be included in your re-weight instructions to ensure your portfolio allocation equals 100%. The re-weight preference submitted will be applied to the remaining investments within the portfolio. In some instances, investment options that cannot be redeemed on a daily basis will not be able to be included in your Automatic Re-weight Facility.
- If your portfolio currently has investments held in a Managed Discretionary Account (MDA) model, then you cannot use the automatic re-weight facility for your account.
- You can only include a Separately Managed Account (SMA) Model Portfolio if you have already acquired an interest in that SMA Model Portfolio via your financial adviser.
